ALNA Beauty Product

Mandalay, Myanmar

**Business Consultant**

May 2023 – Present

- Creating the business plan and designing an innovative product package to enhance sales and increasing the product's sales from 5% to 20%.
- Achieving successful connections with global investors and managers, facilitating valuable partnerships and collaborations.
- Training a team of over 100 staff members in public speaking, sales, and business planning, leading to enhanced skills and increased performance.
- Creating engaging content and visually appealing graphic designs for the product, leading to its enhanced appeal and market success.

### HIGHLIGHTED PERSONAL PROJECTS

**Full Stack Web Development Student & Mentor**

Remote

September 2022 – Present

Mastering intermediate and advanced topics in full-stack development (including Rails, Git, and DS&A challenges) while building multiple full-stack projects both independently and via pair programming.

[Food Meal App](#) — Developed the Front-end Javascript project that helps the user to find the various recipes of food for every category by providing a user-friendly interface.

- Built with: (HTML, CSS, Javascript, Webpack, and API)

[House Renting App](#) – Developed a Full-stack Ruby on Rails application that effortlessly helps users rent houses, make reservations, and create accounts through secure login and signup processes. With authentication and authorization mechanisms in place, the app ensures data security. Designed to simplify the house renting experience, the app offers a dynamic and efficient platform for finding and reserving rental properties while providing a user-friendly interface.

- Built with: (React, Redux, Ruby, Ruby on Rails, and Postgresql)
